

Hello! The Halloween Party and Parade will be on Friday, October 30. We will be having our party and parade after lunch. I will send home reminders for parents who were sending in supplies for the party. The children can bring their costumes to school but remember that they need to be simple enough so that they can get dressed in the classroom. Please no masks or weapons. Costumes should be appropriate for school.

I will be sending out confirmations for conferences soon. I still have some parents who have not contacted me about their preferences. I will be sending home reminder notices shortly.

Language Arts: We are working on long vowel sounds in Words Their Way. We are also learning different ways to spell long vowel sounds. We are reading more informative books about matter so that we can write our shared writing project on matter.

Math: We are working with numbers between 100 and 200. We are writing them in standard form, expanded form and making pictures to represent the numbers. We are comparing numbers as well. Next we will be adding two two-digit numbers. Keep practicing those math facts!

Science/Social Studies: We are continuing to work with matter. We are talking about states of matter and how matter can change.

What we're Learning This Week...

Happy Halloween!
